Touring Hotel

假日酒店

It is a four star hotel that was renovated three years ago through the adoption of a contemporary style. Modern and minimal communal interiors are characterized by sober and discreet elegance, which is coupled with great attention to detail.

The warm light cast by paper lampshades enhances ethnic and colonial objects, bleached oak and matt finish laminates, next to warm earthy and sandy colours and different shades of brown. Woven hemp rugs, large mirrors and floral decorations are the sober features of classic but original interiors. Modern and minimal communal interiors are characterized by sober and discreet elegance, which is coupled with great attention to detail.

The first floor houses the Blue Bar, a cosy place that is open all day long. The bar serves breakfast and lunch during the day, while acting as a meeting place in the evening, serving aperitifs and local food and wine tasting sessions. The hotel has a total of 68 guest rooms that are arranged on the upper levels. They feature different colour schemes: The rooms set in the left wing of the hotel are painted light blue, while the rooms in the right wing are green. Finally the rooms located in the central wing are salmon-coloured.

假日酒店是三年前革新的具现代风格的四星级酒店。现代的内部装饰彰显了细致的优雅和对装饰细节的关注。

纸质灯罩透射出的暖色灯光增加了民族和地方的东西，漂白的橡木，介于土色和沙色之间和各种褐色的颜色。还有一些古典的原始的内饰品：机织纤维地毯，大镜子，各种植物的饰品，现代并不落俗套的设计体现了冷静的高雅，体现在每一个细节。

一楼是全天开放的蓝色酒吧。酒吧白天提供早餐和午餐，晚上就是会面的场所了，提供开胃酒和地产食品以及葡萄酒品尝区。酒店共有68间客房，全部在顶层，并体现了不同的色彩主体，左边的淡蓝，右边的绿色以及位于中间的橙红色。
